

One Planet Living Leadership – Fremantle

Panel facilitator: Suzette Jackson (Bioregional Australia Foundation)

The panel session will discuss the benefits of using the one planet living international framework across multiple sectors and scales.

The panel session will outline the purpose of the one planet program, and provide an insight as to how it is applied across sector and scale.

Attendees will hear directly from professionals applying the one planet living framework including:

- State government developer – precinct planning
- Local government- precinct, community, retail and operational
- Developer – residential
- Organisation – operational and project based

The session is designed to

- obtain insights into the application of OPL across a range WA projects and local government
- provide an awareness of the universal framework applicable across multiple sectors
- obtain insights into the community outcomes and stakeholder engagement

Panellists

- Greg Ryan, Sustainability Manager, LandCorp
- Paul Garbett, Director of Strategic Planning and Projects, City of Fremantle
- Tao Bourton, Principal, York Property
- Astrid Bierer-Cooper, Marketing Manager, Defence Housing Australia
